WHERE WE TRAIN

WORLD CLASS FACILITIES

at Dubai English Speaking College (DESC)

Go-Pro Sports Academy Dubai are fortunate to be based at DESC and utilise the premier football facilities including a full size football pitch and 2 training pitches with real grass and the 4g Astro football pitch.

The 4g pitch is an advanced artificial playing surface that comes close to replicating the experience delivered by a traditional turf pitch. However research indicates that this artificial pitch can be more gentler on players' joints and muscles with the shock-pad layer installed offering a cushioning effect, reducing the chance of injury- ideal for young players.

This latest pitch technology ensures a bounce that is more true, and reflective of what a real pitch delivers. Training on 4G pitches gives players the opportunity to ready themselves for the exact playing conditions they're likely to experience on match day!

DESC, ACADEMIC CITY ROAD, DUBAI, UAE

“ The facilities at Go-Pro (DESC) are first class, its a pleasure to teach in such a professional environment and gives us the best chance to succeed! - **Matt Carr**

GO-PRO WEEKENDS ARE ALL ABOUT LEAGUES AND TOURNAMENTS!

This season we hope to build on our previous successes with our new squads for 2021/22.

Here at Go-Pro we believe it is imperative to take what our players learn in the training sessions out onto the field and we are not only active, but also highly successful in several leagues and tournaments in the region.

Squad players are expected to train at the Academy at least twice a week.

All tournaments and leagues carry additional registration/participation fees, these are collected by Go-Pro on behalf of the organisers by Go-Pro, these fees are NOT included in Go-Pro's training fees.

“ Great teams are not made up of well-rounded players. Great teams are made up of a variety of players, each having their own strengths - Matt Carr

OVERSEAS EVENTS

The World Youth Cup

Gothenburg, Sweden

Go-Pro Sports is looking positively forward to summer 2022 and the opportunity to travel once again to overseas camps and tournaments.

Go-Pro has a long history with the Gothia Cup, the world largest youth football tournament involving 600 teams from 80 nations and in 2022 (subject to travel restrictions) we hope to take 2 girls and 1 boys team to Sweden.

Go-Pro Sports are also already working alongside Specialist Soccer, a UK based company who offer us a unique experience of English Football. Go-Pro players will live and breathe English Football; immersed in the culture and traditions of the game - from grass roots to the Premier League!

The program is designed and overseen by Tom Statham, an Academy Coach at Manchester United since 1994. His exclusive contacts in English Youth Soccer allows Go-Pro privileged access to teams, fixtures and facilities not generally available.

Several other overseas venues plus Elite ID camp's are due to be confirmed very soon.

“ Team mates are critical to your success. The reality is no matter how good you are, you can't win if they don't stop the other team - Jonny Blake
