GO-PRO SPORTS FOOTBALL ACADEMY, DUBAI

Dear players and parents,

As we embark on an exciting new season at Go-Pro Sports Football Academy, I'm thrilled to share our vision for the upcoming 2023/24 season. Our commitment remains steadfast – to provide an unparalleled football training program that caters to players of all levels, from grass roots level, through development, to elite football, ensuring that every player experiences the thrill of competitive games in local tournaments.

We understand that growth and progress are essential in the journey of any player. That's why we are excited to introduce our new Scout International App, through which our dedicated coaches will provide weekly feedback on each player's performance. This valuable insight will help players refine their skills and elevate their game, regardless of their current level. But that's not all—we're raising the bar even higher this season. Go-Pro Sports Football Academy is proud to announce that we will be hosting tournaments at our state-of-the-art venue, providing our young talents with a platform to showcase their abilities. Additionally, in February, we have exclusive ID camps planned, offering players the exceptional opportunity to display their talents in front of college coaches. The spotlight will be on, and we are certain that our players will impress.

At Go-Pro, we firmly believe that pushing one's boundaries is the key to unlocking true potential. We are dedicated to challenging our players appropriately, tailoring tests and activities to suit their abilities. As a result, we will be encouraging our players to play up an age group, to face new challenges and continue their growth.

Communication is the foundation of success, and we will work to maintain strong ties with parents throughout the season. Our lines of communication will always remain open, ensuring parents are well-informed about their child's progress and areas that require improvement. Together, we can work as a team to help our young athletes reach their goals.

While development and excellence are integral, we also prioritize creating a nurturing and enjoyable environment for all our players. At Go-Pro Sports Football Academy, we firmly believe that passion for the game is ignited when children can thrive and find joy in their pursuits. Our academy will continue to foster a positive and supportive atmosphere, allowing our players to not only improve their skills but also cherish the beautiful game.

I look forward to seeing each player's growth and accomplishments in the upcoming season. Let's progress as a football family and make this season a truly unforgettable one.

Welcome to the 2023/24 season at Go-Pro Sports Football Academy!

With our fantastic connections to professional football clubs based in the UK and ex-players and coaches we have the opportunity to invite to Ex-Premier League footballers, associates, friends and coaches to take sessions at our academy.

Over the years we have had many legends of the Premier League and world football teaching, assisting and guiding our players to the very best they can be.

Ex professionals at our facilities have included: Trevor Sinclair (Manchester City), Robbie Fowler (Liverpool FC), Denis Irwin (Manchester United), Teddy Sheringham (Manchester United), and John Barnes (Liverpool FC).

These sessions have proved invaluable to our players to learn and develop into professionals themselves

# 30 PLAYERS FROM OUR ACADEMY HAVE SIGNED PROFESSIONAL CONTRACTS!

This achievement alone sets us apart from any other football academy based in the UAE and a stat that we are incredibly proud of!

No fewer than 30 (yes, THIRTY!) Go-Pro football academy students to date have gone on from our football academy based in Dubai, to sign professional scholarships or professional contracts with clubs in the UK or the USA.

It's just an amazing feeling to give young Dubai based footballers the opportunity to progress their football careers with professional clubs and to see our players take that opportunity - KIRK HILTON, ACADEMY DIRECTOR

# WHERE WE TRAIN

## WORLD CLASS FACILITIES

at Dubai English Speaking College (DESC)

Go-Pro Sports Academy Dubai are fortunate to be based at DESC and utilise the premier football facilities including a full size football pitch and 2 training pitches with real grass and the 4g Astro football pitch.

The 4g pitch is an advanced artificial playing surface that comes close to replicating the experience delivered by a traditional turf pitch. However research indicates that this artificial pitch can be more gentler on players' joints and muscles with the shock-pad layer installed offering a cushioning effect, reducing the chance of injury- ideal for young players.

This latest pitch technology ensures a bounce that is more true, and reflective of what a real pitch delivers. Training on 4G pitches gives players the opportunity to ready themselves for the exact playing conditions they're likely to experience on match day!

“ The facilities at Go-Pro (DESC) are first class, its a pleasure to teach in such a professional environment and gives us the best chance to succeed! - Jonny Blake

# GO-PRO WEEKENDS ARE ALL ABOUT LEAGUES AND TOURNAMENTS!

Here at Go-Pro we believe it is imperative to take what our players learn in the training sessions out onto the field and we are not only active, but also highly successful in several leagues and tournaments in the region.

Squad players are expected to train at the Academy at least twice a week.

All tournaments and leagues carry additional registration/participation fees, these are collected by Go-Pro on behalf of the organisers by Go-Pro, these fees are NOT included in Go-Pro's training fees.

This season we hope to build on our previous successes with our new squads for 2023/24.

“ Great teams are not made up of well-rounded players. Great teams are made up of a variety of players, each having their own strengths - Javier Gorodi
