A MESSAGE FROM KIRK HILTON

For over 15 years, our goal has remained the same—to provide an environment where young players can develop not only as footballers, but as confident, resilient young people.

At Go-Pro, every player matters. Whether they're taking their first steps into football or striving to reach the highest level, our experienced UEFA-qualified coaches are committed to helping every child achieve their potential in a positive, challenging and supportive environment.

Over the years, we've built strong relationships with professional clubs, academies and educational institutions across the UK, Europe and the USA, creating exciting opportunities for players to pursue both their football and academic ambitions.

As we look ahead to another fantastic season, we're excited to welcome both returning and new families. Thank you for placing your trust in Go-Pro, we can't wait to see what the next chapter brings, and we look forward to seeing you on the pitch soon.

WHERE WE TRAIN

WORLD CLASS FACILITIES

LOCATION 1 - DESS COLLEGE ACADEMIC CITY

Go-Pro Sports Academy Dubai are fortunate to be based at DESS College and utilise the premier football facilities including a full-size football pitch and 2 training pitches with real grass and the 4g Astro football pitch.

The 4g pitch is an advanced artificial playing surface that comes close to replicating the experience delivered by a traditional turf pitch. However, research indicates that this artificial pitch can be gentler on players' joints and muscles with the shock-pad layer installed offering a cushioning effect, reducing the chance of injury- ideal for young players.

“ The facilities at Go-Pro (DESS) are first class, its a pleasure to teach in such a professional environment and gives us the best chance to succeed! - Jonny Blake

GO-PRO WEEKENDS

Train Harder Compete Harder.

At Go-Pro Sports Academy, training is just the beginning. Weekends are where our players put their hard work into action.

We believe great players are developed through a combination of quality coaching and meaningful competition. That's why our teams proudly compete in some of the UAE's leading leagues and tournaments, giving every player the opportunity to test themselves in a challenging, enjoyable and professional environment.

To ensure players are fully prepared for match day, squad members are expected to train with Go-Pro at least twice per week, developing the technical ability, tactical understanding, fitness and confidence needed to perform at their best.

League and tournament participation is optional and carries separate registration/participation fees, which are collected by Go-Pro on behalf of the competition organisers. These fees are independent of academy training fees.

Train with purpose. Play with confidence. Compete with Go-Pro.

This season we hope to build on all our previous successes with our new squads for 2026/27.

“ Great players are made when no one is watching
- it's the extra that makes a difference. - Jonny Blake
